Fine Chromos.

We are indebted to the publishers of the Hearth and Home and the American Agriculturist for two beautiful chromos. "The Strawberry Girl" is a splendid 14x20 inch picture, printed in colors on eighteen plates, and is given as a premium to every subscriber to the Hearth and Home. It is well worth the subscription price of the paper-\$3 a year. The other picture-"Mischief Brewing"-is very attractive and would make a splendid ornament for any home. It is a premium to subscribers to the American Agriculturist. We heartily recommend the two papers to our readers as in every respect worthy of their patronage.
